RE: MEMORIAL QUAD PLAQUES

Building operations relating to the school hall and the two adjacent quads are due to start on Monday 1st September 2014. The complete refurbishment of this portion of the school means that it will be a building site until the middle of next year and that the corner of the quad devoted to memorial plaques will be extensively modified in the course of expanding the Abernethy Hall.

Obviously we are sensitive to the fact that many families have memorial plaques in the present quad, commemorating past pupils and members of staff. This communication serves to assure all concerned that the plaques have been carefully removed and stored. In the new Memorial Quad, the Wall of Remembrance will occupy a more central position and on completion of the construction (scheduled for July 2015) all the plaques will be affixed to this wall and will, we hope, provide a more fitting tribute to those whose lives are commemorated in this part of the school.

In the interim, we ask your understanding in respect of the temporarily dismantled Wall of Remembrance.

Should you have any concerns or queries with regard to this aspect of the project, please contact the building project manager, Mr John Illsley (012 460 2246 ext. 140).
